**RICK MARKKO, EVENT MANAGER**

**THE ORIGINS OF GM LOVE**

**W**elcome to the 12th Annual Carlisle GM Nationals — home to all things General Motors. We welcome the return of Camaros at Carlisle and clubs such as the American Camaro Association, the Greater Northeast Impala SS Club (GNISSC) and many others to the National Parts Depot (NPD) Showfield. Stop by the GNISSC to support the Hendrick Bone Marrow Program charity.

We're featuring the "W" (348 and 409) motor cars that were produced between 1958 and 1964. These big cars were filled to the brim with an awesome engine combination leading to the next generation of engines referred to as big blocks. Some were "light-weights" and ruled the roost in NASCAR and NHRA. Be sure to check out the awesome display in Building Y, courtesy of our good friend Don Fezell. Be sure to register in the Guest Services Building to win the 409 cid / 425 hp engine we're giving away Saturday afternoon.

The Solid Lifter Showroom IV continues to wow folks with a display of some of the finest supercars on the planet. Our special thanks goes out to Brian Henderson and Joe Arone of the Super Car Workshop and Arone Auto Restoration, as they have prepared and finished these vehicles with unmistakable attention to detail!

Bruce Larson returns with Cacklefest under the Performance Point tent, and they are sure to thrill more fans than last year. Watch our pre-event contest winners get the thrill of a lifetime by sitting in the seat of a Top Fuel monster while the engine is fired. Then bring the kids to the Off-Road Playground at the top of the hill to catch a ride in another awesome machine — the Shell-Camino monster truck. Everyone is welcome on this fee-based ride.

Check the schedule for a list of all the activities and the map in the centerfold to find your way around. After the event, we encourage you to complete our event survey to help us continue to improve your Carlisle experience. Thanks for joining us!

**L**ooking back, I'm not sure I can pinpoint a specific moment when I became addicted to GM muscle, or more specifically, Chevrolets of the 1960s and 1970s. My family was strictly Bowtie-oriented, so as far as I was concerned, there were really no other cars to lust after. I was, like any number of you, simply born into it, and while other kids hung pictures of Lamborghinis on their walls, I secretly thought a first-gen Camaro SS would be way better.

But if I had to pick one moment, it would have to be watching my first engine fire up for the first time. I was 17 and it was a 468-ci big-block Chevy. I remember watching it breathe fire out a set of zoomie pipes as the machine shop broke in the camshaft. For me, it was what dreams were made of — the new heart of a triple-black '66 Caprice hard top, and the final piece of a three-year puzzle.

If you're here at the GM Nationals, I suspect you get it. And you've come to the right place. No other manufacturer offered more avenues into performance and style than General Motors, starting with the iconic '55-'57 Chevys, '59 Cadillacs and '63 Split-Window Corvettes. The '64 GTO started the era of the muscle car, and the '70 Chevelle SS 454 LS6 perfected it, along with the Buick GSX and 442. 1969 L88 Corvettes went 200 mph at Le Mans, while C10 pickups worked on the farms of America. All of these cars came from the same parent company, and this weekend is a celebration of all of them, and more, as well as the people who continue to love them.

If you're as crazy about Buicks, Oldsmobiles, Cadillacs, Pontiacs, GMCs and Chevrolets as I am, you should check out American Car Collector magazine. Each issue features in-depth market reports and profiles of cars that have recently sold at auction. It's the best way to keep track of the market for cars like yours, or cars like the ones you're still hunting down. Look for the special introductory offer card in this directory. And above all, have fun this weekend!

Editor, American Car Collector

## ELECTRIC DRAG CAR .....

Electric Drag Racing has increased in popularity in the past five years. Ron Adamowicz has his fast, electric drag car here this weekend. How fast? He ran a 1/4-mile in 10.08 seconds at 127.75 mph in 2011. Since then, the team tweaked the car with a lighter 2012 Camaro body, more powerful controllers and lighter battery pack, and they are hoping for a run in the 7-second range on a 1/4-mile strip. See this car in the Race Display by Gate 2 and then check out what Team Haiyin can do on a 1/8-mile at Quarter Aces Drag-O-Way Friday.

# GIVEAWAY

## THREE GIVEAWAYS!

### 1 • BONDURANT DRIVING SCHOOL

Experience a day getting a real feel for racing with instruction on skid control, line techniques, accident avoidance, lead and follow and more — all in a 2011 Camaro SS. You will learn racing terminology and techniques including trail braking, throttle steer and heel-and-toe downshifting. All your new racing skills will be perfected on the 1.6-mile Bondurant track. Please note the Bondurant course is in Arizona and the winner is responsible for their own travel and accommodations.

### 2 • CRATE ENGINE

#### PRESENTED BY AUTO ENTHUSIAST

In conjunction with Auto Enthusiast, we will award a 409-cubic-inch engine provided by our good friend Don Fezell of Don Fezell Classics. The engine looks original but features a host of high-performance parts. During the rebuild, the machine work was done by R &

R Machine of Brookville, PA, while final assembly was completed by Jerry Wallace. This 1963 409 will produce 425 horsepower with the reliability and durability you would expect from General Motors. In addition to the engine being up for grabs, it will also be on display on an Easy-Run Engine Test Stand.

### 3 • iPad

Carlisle Events recognizes that today's technician plays with today's technology. Because of that, you could win an iPad at any one of our 10 Carlisle-based events. This prize will serve as a great accessory for travel, shop work, web browsing, gaming or whatever you want to do with it. Over the course of the year, 10 Apple iPads will be handed out. The iPads will be at least an Apple iPad 2. One lucky winner will be randomly selected to receive an iPad in conjunction with each event, with each winner being selected from a pool of names specific to that event.

## GIVEAWAY REGISTRATION

**OFFICIAL RULES AND REGULATIONS:** See eligibility requirements on our website: [CarlisleEvents.com](http://CarlisleEvents.com) or at Guest Services.

**GUESTS:** Enter the giveaway contest in the Guest Services Building next to the Grandstand. One entry per person. You may also enter online for any giveaway by the deadlines noted in the schedule.

**TO WIN:** Winners' names will be announced as noted in the schedule. You do not need to be present to win. Winner will be notified according to the contact information we have on file (for vendors and showfield) or that was provided during registration.

# CLUB CHALLENGE

## COOLEST CLUB HANGOUT .....

During the show, our event team visits each club location and presents an award to the club with the coolest hangout. We also present awards to the three clubs with the most registered members. Make Carlisle your club's site for a fun-filled weekend.

## SECOND • GREATER NORTHEAST IMPALA SS CLUB

[www.beasst.org](http://www.beasst.org) and [www.possiweb.com](http://www.possiweb.com)

**52 Registrations**

**Vehicles: 1991–96 GM B-Body (Caprice, Impala SS, Roadmaster, Deville, Sedans & Wagons)**

In January 2001, local GM “B-body” club members from Connecticut, New York and Pennsylvania brought their late model Impalas and Caprices to Carlisle’s brand-new event, the GM Nationals. Since the members were from different clubs, they created a new club so everyone could register together, and the Greater Northeast Impala SS Clubs (GNISSC) was born.

In 2002 they were awarded first place in the Club Challenge with 45 cars. In 2003, they set their all-time high of 62 cars. From 2003–08 GNISSC won the Club Challenge. In 2009 they placed third, and they took second place in 2010.

GNISSC has supported charitable causes through car shows, cruise nights and drag racing events including the National Multiple Sclerosis Society, Make-a-Wish Foundation and the benefactors of the Chester County Cruisers,

Chesterbrook, PA. During the past three years, GNISSC has focused its charitable efforts towards the “Be The Match Foundation” Leukemia fund, which was established through Rick Hendrick of Hendrick Motorsports (HMS). The club has worked with HMS personnel to raffle authentic NASCAR components and autographed merchandise during the GM Nationals to raise donations. The HMS organization has also supported Carlisle by exhibiting Mr. Hendrick’s personal car collection in the Invitational Display.

We are a family of “Car People” who thrive on fun and friendship. Carlisle has been a big part of watching our family grow and for that, we are fortunate and thankful.

## CLUB CHALLENGE .....

## FIRST • CAPITAL CITY GTO

[www.CCGTO.com](http://www.CCGTO.com)

**63 Registrations**

**Vehicles: GTO, All Years**

We started with just three members in 2005 and grew to more than 100 by 2010. Our members are from all around the nation’s capital — West Virginia, Maryland, Virginia, Washington D.C., Delaware and Pennsylvania. Our first time to Carlisle as a club was in 2007. In 2008 we took third place; in 2009 we took first place and returned in 2010 to take first again. We hope to continue with a strong presence at Carlisle in the future.

## THIRD • MID ATLANTIC FIERO OWNERS ASSOCIATION

[www.mafoa.com](http://www.mafoa.com)

**46 Registrations**

**Vehicles: Fiero, All Years**

MAFOA was founded on December 11, 1994, in Gaithersburg, MD. A group of Fiero owners from Pennsylvania, Maryland and Virginia formed the club and became the founding charter members. The membership has grown into the hundreds across the east coast region. Carlisle has been the home to one of MAFOA’s annual car shows since 1996. This particular show is one of the biggest-attended Fiero shows in the U.S. each year. With this kind of history, MAFOA strives to increase club participation each year to put on a great show to keep the “mid-engine madness alive.”

## **HEACOCK** .....

Have you ever wondered what collector car insurance is all about? It's simple: passion. Heacock Classic Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Their goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote a status report is usually ready within 24 hours. Then, they will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call today at 800-678-5183 or online at [www.HeacockClassic.com](http://www.HeacockClassic.com)

## **MEGUIAR'S** .....

They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car care questions you have. Call 800-347-5700 or join the discussion on Facebook or their online discussion forum at [www.meguiarsonline.com](http://www.meguiarsonline.com). "People who love cars love Meguiar's."

## **ROCK AUTO** .....

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies such as steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop), but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

## DOES GM MAKE YOUR HEART RACE? US TOO!

THAT'S WHY GM VEHICLES ARE HIGHLIGHTED  
IN EVERY ISSUE OF AMERICAN CAR COLLECTOR

Keith Martin's auction analysis team will tell you what your **collector car is worth** — and why. Engaging and informative, every issue features more American models than you can shake a stick-shift at!

**W**ith ten events and over a half million people coming through our gates each year, the staff works diligently to assure a positive experience and to make this one of the cleanest venues of its type in the

country. If you've ever wondered what it takes to prepare and run our events, enjoy our quirky "Fun Facts" in each event directory. We hope you enjoy Fun Facts 1-5 below.

**FACT 5:** We use a lot of temporary fencing to stage events, from the swap meet and car corral areas, to autocross, Monster Trucks and on the showfield itself, the fencing end to end covers approximately 10 miles. In doing so, the maintenance staff hammers in at least 3,520 fence posts – possibly more. From Carlisle, 10 miles isn't far, but it's far enough to get from one side of the Carlisle Borough to another (and back). You could also drive to Mechanicsburg, walk the Appalachian Trail from Whiskey Springs Rd. to Boiling Springs or run 40 laps around your local high school track.

**FACT 4:** It is estimated that over the course of a season 1,832,220 feet of toilet paper is used. With 5,280 feet in a mile, this translates to just over 347 miles worth of tushy tissue. By standing on grounds at Carlisle, you can travel to the following locations by rolling out a season's worth of TP: Boston, Detroit, and Winston-Salem.

**FACT 3:** Paper towels. An estimated 595,000 feet of paper towels are used during an event season. That equates to nearly 113 miles! That is greater than the driving distance from Carlisle to Harrisburg, Philadelphia, Scranton, Wilkes-Barre, York and even across the state line down to Annapolis, Maryland.

**FACT 2:** To fill those nearly 600 blue trash barrels, more than 39,500 – 50 gallon trash bags are used. That means at least 1,975,000 gallons of trash get moved from point A to B between April and October.

**FACT 1:** Over the course of a season, more than 311 tons - 622,000 pounds of trash is extracted from the hundreds of blue trash barrels. This total does not include batteries, liquids, tires and metal.

Next up is how much yellow caution tape is unfurled over the course of the year. It's surprisingly less than the amount of fencing we use.
